

3rd Newsletter of the Didactic Mine Project

Welcome to the "Didactic Mine of Youth Work" Newsletter!

Greetings, dear readers! We are thrilled to bring you the latest updates from the "Didactic Mine of Youth Work" project. Over the past few months, significant progress has been made, and we are excited to share the news with you.

PROJECT UPDATE: E-BOOK LAUNCH AND TARGET AUDIENCE

We are proud to announce that the consortium has achieved a significant milestone in the project. The first result of the "Didactic Mine" project, the E-book, is almost ready containing 30 didactical activities focused on entrepreneurial education and social entrepreneurship.

The E-book is designed to empower and support three different target groups:

- Kids aged between 6 and 11.
- Teenagers aged between 12 and 17.
- Youth in NEET (Not in Education, Employment, or Training) from 18 to 30

This resource has been thoughtfully crafted to address one of the main objectives of the project - to assist youth workers in guiding and empowering young individuals through the crucial phase of transition from childhood to adulthood. The E-book covers a comprehensive development path, catering to youngsters from an early age to adult life.

TESTING AND REFINEMENT

We believe in the power of collaboration and feedback. Currently, all partners are in the process of testing these activities at the local level with the target groups. The insights gathered during this phase will be invaluable in refining and finalizing the E-book, ensuring that it is a valuable resource for all.
